Agenda

The purpose of the Diversity 2020 Summit is to start a year-long conversation within the University of Pittsburgh community about diversity in the curriculum, and ways to promote diversity awareness across the faculty and in the curriculum. This conversation will provide critically important input as we work towards the development of a vision for diversity awareness, and a plan to achieve the vision by 2020.

At the conclusion of the Summit, participants will have:

- reflected on, and celebrated, past accomplishments related to diversity in the curriculum
- explored the meaning of diversity in today's university environment
- considered and discussed various approaches for increasing diversity awareness across the faculty and in the curriculum
- articulated preliminary priorities and potential challenges for promoting diversity awareness across the faculty and in the curriculum
